

Project #7: ParaView Terrain Visualization

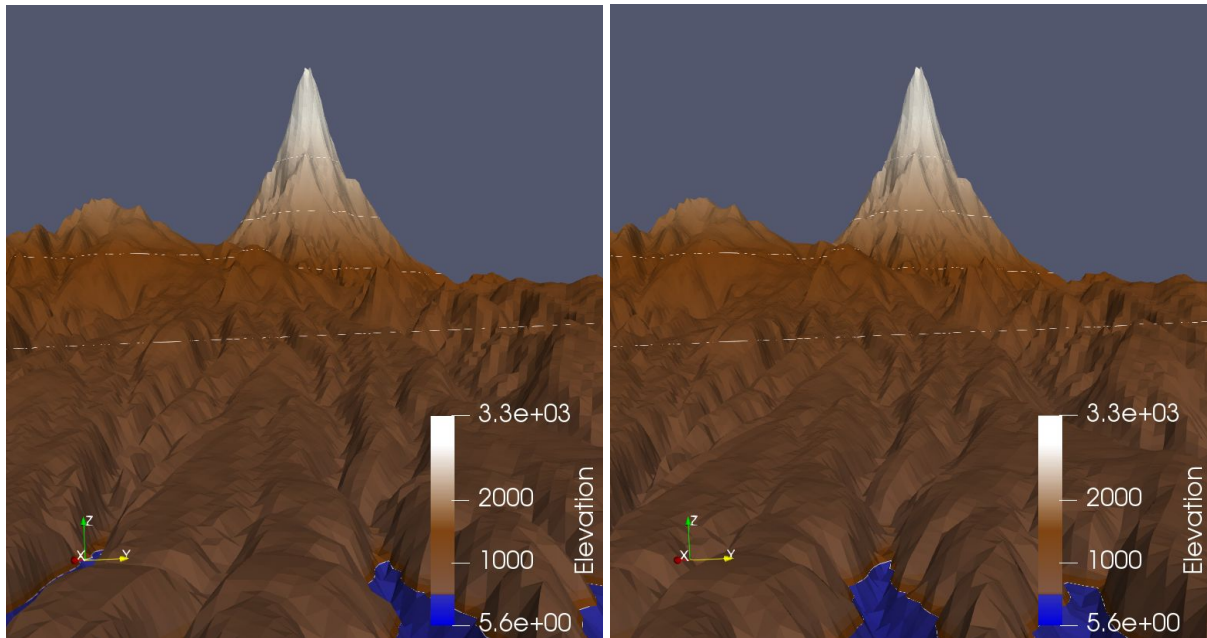

Map:

Contours:

Left/Right Eye:

Commentary:

I'm colorblind, so I hope I got the color transformations mostly correct, brown is a really hard color to get looking right! In my screenshots I tried to show off all my major features, but the contour lines were somewhat difficult to get good screenshots of.

Video just in case: https://media.oregonstate.edu/media/1_rfudm984
